

When the Son of Mary is used as a comparison, Thy people become insolent about Him and say, "Are our gods better or Him?" What they propose is but controversy, indeed they are an antagonistic people! He was but a servant showered with Our blessing, and We made Him a Symbol to the Children of Israel; and should We will it, We could indeed produce successive Angels from thee all in the earth; so shall it be as a Sign for the Hour; therefore, have no doubt about it and stay the course, this is the Straight Path!
